"Citizens for 1 Greater New Orleans, Please accept my thanks for the strong statement in today's Times-Picayune, and for all the effort it took to sign up so many organizations. I am sure that it will help bolster support for this office, and it is much appreciated by me and OIG staff."

I also want to share with you and your membership the news that the LA Legislative Auditor's report will be public soon, and that it found no violations of law or policy.

I'll advise you when it's posted to our website. The OIG will move then from a defensive posture, and I would like to speak at a forum of the type you proposed at our earlier meeting.

Thank you again for all the support from Citizens for 1 Greater New Orleans."

Ed Quatrevaux, Inspector General
